2. SUMMARY GENERATOR DOCUMENTATION

interview_ai/interview_summary.md

Interview Summary Generator – Zecpath AI

Objective

Convert AI interview evaluations into recruiter-friendly summaries.

Components

- HR Score Analysis
- Communication Analysis
- Behavioral Analysis
- Cultural Fit Detection
- Decision Generation
- Natural Language Summary

Decision Rules

Score	Decision
75+	Strong Hire
55-74	Consider
<55	Reject

Output

- Candidate ID
- Overall Score
- Decision
- Strengths
- Weaknesses
- Risks
- Inconsistencies
- Cultural Fit
- Natural Language Summary

3. TEST SCRIPT

tests/test_summary.py

```
from interview_ai.summary_generator import (  
    generate_interview_summary  
)
```

```
def test_summary():
```

```
    result = generate_interview_summary(
```

```

"C1",
[],
{
    "communication_score": 50
},
{
    "confidence": {
        "confidence_score": 50
    },
    "behavioral_score": 50,
    "contradiction": False
},
[]
)
assert "overall_score" in result

```

tests/test_summary_run.py

```

from interview_ai.summary_generator import (
    generate_interview_summary
)

```

```

result = generate_interview_summary(

```

```

    candidate_id="C101",

```

```

    hr_scores=[

```

```
{  
  
  "question_id": "Q1",  
  
  "final_score": 85  
  
}  
  
],  
  
communication={  
  
  "communication_score": 80  
  
},  
  
behavior={  
  
  "confidence": {  
  
    "confidence_score": 75  
  
  },  
  
  "behavioral_score": 78,  
  
  "contradiction": False
```

```
},
```

```
answers=[
```

```
    "I worked in a team environment."
```

```
]
```

```
)
```

```
print(result)
```

Run Demo

```
python -m tests.test_summary_run
```

Expected Output

```
{
```

```
    'candidate_id': 'C101',
```

```
    'overall_score': 80.4,
```

```
    'decision': 'Strong Hire',
```

```
    'summary': {
```

```
        'strengths': [
```

```
            'Strong performance in Q1',
```

```
            'Excellent communication skills',
```

'Shows teamwork orientation'

],

'weaknesses': [],

'risks': [],

'inconsistencies': [],

'cultural_fit': 'Good'

},

'natural_language_summary':

'The candidate demonstrates Strong performance in Q1, Excellent communication skills. However, there are concerns such as minor weaknesses. Risk factors include no major risks. Cultural fit is assessed as Good. Final Recommendation: Strong Hire.'

}

Run Unit Test

python -m pytest tests/test_summary.py
